

Revival Wood Collection™

Revival Wood Collection • #3450 Special Walnut • Traditional Shakespeare • Vertical Inlays • 3Pane Windows

Classic Craftsmanship Revived for Modern Living

Over 75 years ago, Raynor began crafting quality wood garage doors. Today, we return to our roots with the Raynor Revival Wood Collection—showcasing the timeless beauty of wood, re-imagined for modern living. Built on our trusted Aspen base, these doors offer homeowners the ideal mix of tradition and innovation.

Revival Wood Collection™

The Revival Wood Collection is built on a durable 2" Aspen base, featuring custom wood overlays on insulated steel panels for enhanced durability and a calculated 19.25 R-Value. Available in various section heights, including 32" and 28", each door is custom-built with your choice of finishes, combining the warmth of real wood with flexibility in design.

Revival Wood • #19 Suede • Traditional Harmony • Diagonal Inlay • 3Pane Windows

Pick your COLOR

Finish Options*

With both paint and stain options available, your door can be customized to match your exterior.

*Stain colors are shown on cedar, additional wood species and composite options are also available. Choice of overlay material will influence the door's final appearance. The swatches shown on monitors and printed materials may vary from the actual color. For a true representation of the color, visit your local Raynor Dealer.

Custom Material Options

The material you choose can affect the color of your door. Select from the wood species options listed below.

- Cedar**
- Sapele
- White Oak
- Douglas Fir
- Red Grandis
- Accoya
- Hemlock
- Thermally Modified Ash

**Cedar wood comes standard

**V-Match and Channel groove available on 3" and 5" inlay only.*

Revival Wood Collection™ **PRODUCT BENEFITS**

WeatherLock™

Raynor's thermally efficient WeatherLock™ system is designed for the harshest climates. Our proprietary WeatherLock™ section joint has a continuous thermal break and air seal between steel sections. This modified tongue-in-groove joint provides exceptional strength, while effectively locking out both air and water infiltration into the garage's interior.

EnduraCote™

Raynor's EnduraCote™ system comes standard on Revival Wood Collection doors. The EnduraCote™ system includes white powder coated track, double end stiles and hinges, black powder coated 15,000 cycle springs and torsion bar. The EnduraCote™ option also extends the Limited Warranty on hardware and springs to the original purchaser, "For As Long As You Own Your Home", against defects in material and workmanship.

NeuFoam™

State-of-the-art high-density NeuFoam™ polyurethane insulation delivers maximum structural integrity and door strength. Combine Neufoam™ insulation with Raynor's proprietary WeatherLock™ section joint design and you get an industry-leading, energy-efficient, door.

Custom Craftsmanship

Each Revival Wood Collection door is thoughtfully designed to reflect the homeowner's vision and meticulously handcrafted by skilled artisans, combining exceptional uniqueness and quality.

Limited Lifetime Warranty

Raynor warrants the door sections against defects in material, workmanship, and exterior rust, as well as delamination of the polyurethane foam insulation from the steel skins, for as long as the original purchaser owns the home.

Natural Beauty of Wood

Our doors are made from high-quality kiln-dried lumber, stored in a controlled environment to maintain stability. While our designs account for natural expansion and contraction, wood is a natural material and may develop minor cracks, checks, shrinkage, warping, or curling over time. Exposure to elements and UV rays may also cause fading or color changes, which are normal characteristics of wood.

Care and **MAINTENANCE**

Revival doors are protected with Sansin Enviro-Stain Products. We recommend periodic cleaning with Sansin Multi-Wash or mild soap and water. For detailed care instructions, please refer to the maintenance section in the residential booklet provided with your Raynor Garage Door or visit www.raynor.com.

Prodigy™ III

Pick your **OPENER**

Raynor's full line of residential openers offer a broad selection of performance, features and durability. All models offer the ultimate in safety and security features, are available in a variety of horsepower levels and drive systems, as well as wall mounted jackshaft operators and battery backup systems. MyQ™ technology enables you to securely monitor and control your garage door opener with your smart phone, tablet or computer.
